

GENERAL PRODUCT SPECIFICATION

| | |
|-----------------|-------|
| Item No. | HSW-R |
|-----------------|-------|

| | | | | | |
|-------------|-----------|-----------------|-----|------------------|---|
| Date | 16-6-2017 | Replaces | New | No. Pages | 1 |
|-------------|-----------|-----------------|-----|------------------|---|

Product Description:

| | |
|-------------------|------------------------|
| Style | SPILL WORKFLOOR - RAMP |
| Components | 1 Spill pallet HSW-R |
| Color | Black + Black |

| | |
|-----------------------------|------------------------------------|
| Intended Application | Spill Containment workfloor - ramp |
|-----------------------------|------------------------------------|

| | |
|------------------------------|------------|
| Containment Capacity | N/A liters |
| Dynamic Load Capacity | N/A kg |

Packaging Description:

| | | | |
|-----------------------|-----------|-----------------|-----------------------------|
| Package configuration | N/A | Pkg. Weight | 15 kg |
| Items per Package | 1 unit | Pkg. Dimensions | L 129 cm x W 81cm x H 18 cm |
| Container type | Poly-wrap | | |

Physical Properties;

| <u>Parameter</u> | <u>SPC Test Method</u> | <u>Units</u> | <u>Nominal</u> | <u>(+/-)Tolerance</u> |
|------------------|------------------------|--------------|----------------|-----------------------|
| Color | Visual | ----- | | Per standard |

The above properties are “nominal” values used for PROCESS CONTROL when the product is produced and/or inspected. Performance “nominals” may vary depending upon the specific application, and/or the environment being applied, stored, or shipped.

| | |
|----------------------|--|
